ACLS for the EMT-B May 15, 2020

8:00 a.m. to 4:00 p.m.

EMTs can find themselves in critical situations that require advanced cardiac life support (ACLS). Although EMTs are not trained to provide advanced-level skills, there is much they can do to improve the quality of management, and thus the patient's chance for survival by understanding ACLS and facilitating its administration by ALS providers.
